

## **Report of august 2008**

As the unit aims to increase the awareness of the local community, the unit team works targeting this month the students and the youth of saint Katherine.

And this will be as follows:

1. make them evaluate the natural heritage of their area
2. putting them on the right way by sharing the activities with the center, the social and scientific life which can make them ready to participate in the protectorate activities and recommend them to be eco guides.

### **the aim of the activity:**

1. make the students aware about every thing in their protectorate.
2. Composing of a team specialized in the environmental fields.
3. teaching them what is the role of the eco guide.
4. enhancing their skills.

### **Participants:**

1. Community and environmental services center.
2. The awareness team of Saint Katherine protectorate.
3. the city youth center.
4. students of saint Katherine.

### **The program:**
