

Monthly report June – 2008

Introduction:

The advance mobile veterinary services reach to 10 Bedouins settlements as in visits schedule and during these visits 35 Cases take treatment. Increase the number of cases due to appear infectious disease in camels work in tourism in St. Katherine area because purchase camels from Sharm Elsheikh and Elareish city's. The veterinary doctor makes agreement with cameleer leader as follows:

- When purchase camels from outside St. Katherine area must leave it at indoor for 2 weeks to confirm it's healthy.
- Remove all infected camels from monastery area and punishment violates.
